

2011 PS3 141 w/ Domain 8-12

MSRP: \$349.99

Length: **141 cm**

Boot Size: **8-12**

Rocker Type: **3-Stage Hybrid**

Skill Level: **Intermediate/Advanced**

COMPANY DESCRIPTION:

The **PS3** is like butter, super smooth and oh so soft...The forgiving ride with help you learn new tricks and step up your riding. If you are looking for a consistent, trusty, and effortless ride, put this board under your feet. The 3-stage, hybrid rocker has a straighter curve through the center for consistent edging and speed into wake. It has an exaggerated kink out the tips for smooth transitions into the tail section for increased trajectory off the wakes. The PS3 also features an exaggerated variable edge rail with a D-I-S-C (double inside single concave) hull through the center of the board. The tip exiting slots channel the water away in the proper direction. They help to generate speed while keeping you locked in on approach to the wake. As the warped molded in fins grow towards the tail they get sharper and warp inward. The end result is a loose feel when in neutral that generates relentless hold as you edge.

The 2011 **Domain Binding** is the perfect mid to entry level binding for powerful riders that demand a more supportive customized feel that they can't get in a typical entry level boot. Easy to cinch up, the 2011 Domain translates to less time on the swim platform and more time charging the wake. You are a master of your own Domain.
